Dear Dr. Bohrer:

I would like to take this opportunity on behalf of [] the Research Security Administrators to express our appreciation for the outstanding presentation by []

As the keynote speaker at our seminar, [] was informative, interesting and thought provoking. His depth and breadth of knowledge in the area of defectors was absolutely enlightening to his audience. I feel confident that as a result of [] remarks his audience, which represented a significant segment of the industrial complex, left the seminar with a heightened awareness of defectors and defection.

Once again, thank you for the support of the Central Intelligence Agency and especially the support of [] in making our Seminar a worthwhile and interesting event.

Very truly yours,

Regis J. Carr, Jr.
